TO; fire_rescue@allconet.org

FROM; Ken May, Secretary of Emergency Services Board

I am working on releasing the October allocations to all the Fire and EMS Companies as soon as possible to each as we all need our funding. But, I need each Company's help to be able to do this.

On the Allegany County Web site. There are copies of the instructions and requirements that are required to receive your October allocation. Please go into the Web site and get a copy of the Senate Bill 508 rules for 2014, they have changed. This year there are more requirements that must be done. Also it's 37 pages of information that you need to be aware of or I can't release your funds because these papers are audited later on down the road.

You need to fill out the report that is shown on page 26 in the instructions along with copies of bills, checks, bank statements showing balance at beginning and at the end of the year. Other pages show you what you can spend the money on and it must be in a separate bank account called "AMOS" or "508".

If you have questions, please feel free to call me if you have a problem and we'll try to solve it so I can release the funds which this year is \$8,000.00 for each company. Copies of the 508 fund are also available at LaVale Rescue Squad.

TOGETHER WE CAN RELEASE YOUR FUNDS
